
Title: Sworn Testimony

Author: Malic Skyfire

The Drow Woman known as VasKiira was seen in Hanse's Hostel in the Kingdom of Sanctus. The above mentioned did proceed to approach myself and brag about my "companion" and her situation. She did not elaborate. She then did show me a bloody whip and said that it was Lady Waits's blood. Knowing of this Drow's want and warrant in Papau this officer did take Vaskiira into custody. While in custody she bragged about poisoning Lady Waits. Once secured in my jail I personally went to the Akoris Villa to check on Lady Waits. She was then found in bed bloody, wounded and poisoned. she was treated for her injuries and given several cures. Prisoner was held for a few weeks. she was manipulative, rude, arrogant and vindictive. Custody was transfered to Lord Thrax and Lady Ishtar without incident.
